iOS Developer

Despre mine

I am a passionate iOS developer with over a year and a half of experience in creating high-quality mobile applications. I have big aspirations and am always ready for new challenges, approaching each project with enthusiasm and determination.

Strengths:

- Passion for development: I am deeply passionate about what I do, always investing time and effort to learn and improve.

- High aspirations: I constantly seek to grow and enhance my skills, eagerly embracing new challenges and opportunities.

- Experience: With over a year and a half of experience in iOS development, I have gained solid knowledge and technical competencies.

- Independence: I can work and solve problems independently, demonstrating a high capacity for self-management.

- Teamwork: I am an effective team player, knowing how to collaborate and assist colleagues to achieve common goals and remarkable results.

These strengths define me as a dedicated and competent developer, ready to contribute to the success of any project I am involved in.

Experiența profesională

iOS Developer · Midnight Works

Iunie 2023 - Prezent · 1 an 4 luni

- Full app development:

Implementing iOS applications from concept and design to launch in the App Store, ensuring compliance with Apple quality standards.

- Utilizing recent technologies:

Quickly adopting and integrating the latest iOS technologies and tools to optimize performance and enhance user experience.

- Clear, explicit, and reusable code:

Developing applications with clear, clean, and reusable code to ensure ease of maintenance and project extensibility.

- Creating internal libraries:

Developing custom small libraries and reusable components to streamline development processes and facilitate team usage.

- Bug fixing:

Rapidly identifying and resolving bugs and performance issues to ensure smooth and efficient application operation.

Cu automobil personal

- Developer training and support:

Providing training and technical support to new developers to facilitate their quick integration into the team and enhance their technical skills.

- API and SDK integration:

Implementing and integrating various APIs and SDKs to extend application functionalities.

- Cross-functional collaboration:

Closely cooperating with design, QA, and project management teams to ensure the timely delivery of high-quality products.

- Technical documentation:

Creating and maintaining detailed technical documentation to facilitate future maintenance and updates of applications.

iOS App Developer · AppleBee SRL

Ianuarie 2023 - Iunie 2023 · 6 luni

- Delivered solutions consistent with goals of code abstraction, stability and reuse.

- Followed Apple's Human Interface guidelines to create products aligned with iOS UI forms.

- Developing apps from scratch.

Domeniul dorit

- IT, Tech
