Lucrător, Internship IT

About me

Aspiring Software Engineer/Cybersecurity engineerwith a strong foundation in programming and development, seeking an internship or a part time/student job, to apply my skills and gain practical experience. Proficient in various programming languages and committed to continuous learning and growth within the IT and IoT industry. I am just starting Cyber Security, but have proficiency in programming, having done programming in C/Assembly for a TTY based OS, as my current big project.

Desired industry

- IT, Tech
