Manual Quality Assurance (Manual QA)

Despre mine

I'm a student who wants to start his career in IT. I study at Free International University of Moldova at the Faculty of Computer Science.

No long time ago I finished the course of Manual Quality Assurance Testing and I gained enough knowledge to look for a job.

Besides this, I'm interested in Front-End Development and soon I start a course about this at Tekwill Academy.

I'm an ambitious person with big goals for the future. I never worked officially IN THE COUNTRY because I always studied, but better late than never!

However, I am interested in continuing self-development. That's about books, sport, psychology, experience, knowledge etc.

- Social Media

- Microsoft Office

- Viteza introducere date ("blind typing")

- Utilizare buna a programelor de comunicare

- Navigare Internet
