Web Developer JAVA (Spring), Angular

About me

For the last 2 years I have been actively studying architectural solutions and best practices in web development.

I apply knowledge in working and individual projects.

WEB-development experience more than 6 years;

Knowledge of PHP (OOP, MVC, Symfony);

Good understanding of the theory and experience of using relational DBMS (MySQL);

Experience with NodeJS, MongoDB, WebSockets;

Experience with AWS Services;

Linux administration skills;

Responsible approach to code quality and documentation, attention to its details;

Proficiency in JavaScript.

Work experience

Software Developer JAVA, Angular, PHP ·
